

April 17, 2026

**Assessment Rate Notification
for Fiscal Year Ending June 30, 2027 (FY27)**

The Rhode Island Primary Care Assessment Account (RI PCA) assessment rate for FY27 has been finalized in accordance with [Section 42-7.4-3 of the Rhode Island General Laws](#).

For FY27 (July 1, 2026 through June 30, 2027), the program will collect a total of \$30 million, reflecting the program’s annual funding requirement, through four quarterly installments of \$7.5 million each.

The FY27 assessment rate is **\$4.14 per covered life per month** (a slight decrease from \$4.15 in FY26). This rate will be used to determine amounts due on the following dates (for their corresponding measuring months):

Due Date	Measuring Months
July 30, 2026	April – June 2026
October 30, 2026	July – September 2026
January 30, 2027	October – December 2026
April 30, 2027	January – March 2027

No new reporting is required. RI PCA will continue to use covered lives data submitted through the [Rhode Island Vaccine Assessment Program](#) (RIVAP) to calculate a uniform, assessment rate. Provided these reports are filed correctly and on time, no additional action is required to remain compliant with RI PCA regulations.

For more information, please visit www.ri-pca.org. Questions may be directed to the KidsVax Team, the program administrator for RI PCA.
